☒ Current ☐ Proposed

RPA Number: TBD	Classification Title: Air Resources Technician II	Position Number: 673-210-3873-705
Incumbent Name: Vacant	Working Title: Enforcement PERP Air Resources Technician II	Effective Date: 5/1/2026
Tenure: Permanent	Time Base: Full-Time	Intermittent Hours Per Month: N/A
Division/Office: Enforcement Division	Section/Unit: Portable Equipment Operations Section	Reporting Location: Sacramento
Supervisor's Name: Kelly Weatherford	Supervisor's Classification: Air Resources Supervisor I	CBID: R11
Confidential Designation: ☐ Yes ☒ No	Designated Position for Conflict of Interest: ☐ Yes ☒ No	Position Telework Eligible: ☒ Yes ☐ No
Supervision Exercised: ☒ None ☐ Lead		

General Statement

The Portable Equipment Operations Section (PEOS) is responsible for the upfront component of implementing and enforcing CARB's Portable Equipment Registration Program (PERP), PERP Regulation, and Airborne Toxic Control Measure for Diesel Particulate Matter from Portable Engines Rated at 50 Horsepower and Greater (Portable Diesel Engine ATCM). Implementation of PERP involves the evaluation of PERP registration applications, which includes but is not limited to fee and eligibility determinations; calculating engine and equipment unit emissions; determining and calculating process limitations as necessary to meet regulatory emission limits; determining all applicable requirements and operational conditions for portable engine and equipment unit registrations; development and transmittal of registration materials to the regulated community; and extensive interaction with the public, new applicants, existing registrants, and local air district engineering and enforcement personnel.

Implementation and enforcement of the Portable Diesel Engine ATCM includes the development of tools for use by the regulated community to calculate diesel engine fleet emissions on a continuing basis; development of tools to calculate trends in diesel emission reductions and compliance of portable diesel engine fleets with upcoming Portable Diesel Engine ATCM standards; development of tools to assist industry with the evaluation of future fleet compliance options; development of tools to determine completeness and accuracy of submitted compliance reports; development of database resources to log and track submitted Portable Diesel Engine ATCM fleet compliance reports; performing research of U.S. Environmental Protection Agency (EPA), CARB, and diesel engine manufacturer resources to obtain emission data related to portable diesel engine fleet compliance;

Duty Statement – Workforce

ASD/HRB-12 (REV. 12/2025) Page 2 of 7

and assisting the public, regulated community, and local air district staff with Portable Diesel Engine ATCM questions and fleet calculations.

The PEOS assists the Citations and Registration Enforcement Branch (CREB) with other projects and programs related to developing, implementing, and enforcing air pollution rules and regulations to reduce emissions of criteria and toxic air pollutants from a wide variety of sources. In addition to the responsibility of the PEOS to assist with field evaluation and investigation of portable engines and equipment units for which the owner/operators have submitted application(s) for registration, this field element also includes providing direct assistance to other projects and programs in the CREB as well as the local air districts regarding implementation of their unpermitted source programs. The responsibilities of the PEOS will adapt over time as current programs mature, and new programs are implemented.

Competencies

All employees are responsible for understanding and demonstrating the core competencies of collaboration, communication, customer engagement, digital fluency, diversity and inclusion, innovative mindset, interpersonal skills, and resilience.

Position Description

Under close supervision of the Air Resources Supervisor I (ARS I) of the PEOS, the Air Resources Technician II (ART II) is required to function at the full journey level and be able to independently perform the tasks necessary for implementation of the PERP including providing consultation to the public. Technical aspects of the incumbent's work will be overseen by the ARS I. The ART II will provide technical assistance to the PERP's Air Resources Engineers and/or Air Pollution Specialists. The ART II will also work with other PERP team members to support creating and maintaining PERP application files, registration materials, and technical evaluation documentation. It is pertinent that the incumbent stays current with the PERP Regulation and the Portable Diesel Engine ATCM to analyze situations accurately and adopt an effective course of action.

% of Time	Essential Functions
35%	Process portable engines and equipment unit applications submitted to the PERP in accordance with the PERP Regulation and Portable Diesel Engine ATCM. Evaluate applications during processing for completeness. Determine program eligibility, calculate emissions, establish emission limitations, and determine appropriate operating conditions for portable engines and equipment units. Interact with applicants, local air district staff, as well as PERP management, engineers, specialists, analysts, and technicians to resolve application processing issues.
15%	Perform entry of a variety of program data within the PERP Data Management System (DMS) and the PERP Online system. Verify company account information and enter application requests. Verify and enter technical data for portable engines and equipment units that correspond to verified company accounts. With approval from PERP analysts and/or the ARS I, account for overpayments by

Duty Statement – Workforce

ASD/HRB-12 (REV. 12/2025) Page 3 of 7

	completing a refund request form or work with PERP analysts and specialists to retain the fees.
15%	Generate and index registration documents. Generate and affix registration stickers to registration placards. Prepare registration packages and issue registrations. Confirm and record in the PERP DMS and in the PERP Online system that the application request has been approved/denied.
15%	Scan and/or index PERP applications and related documents upon receipt to supplement, prepare, and document the technical evaluation for portable engines and equipment units.
10%	Assist with organizing a weekly schedule and task assignment for all PERP tasks previously mentioned while considering multiple schedules and maximizing efficiency.

% of Time	Marginal Functions
10%	Assist local air districts, governmental agencies, the public, and affected industries on inquiries and information requests about the PERP Regulation and Portable Diesel Engine ATCM. Perform other duties as required to support the Section and Branch, or other sections/branches within ED, as needed. May perform other duties within the scope of the classification as required.

Typical Physical Conditions/Demands

This position requires frequent sitting or standing at a desk. It also requires frequent use of hands, wrists, and fingers for keyboarding and document manipulation. May require occasional lifting or moving light materials weighing up to 20 pounds.

Typical Working Conditions

The incumbent primarily works in a smoke-free environment of a single-story office building in an enclosed, non-windowed office cubicle. The work schedule is Monday through Friday. Travel may be required.

Special Requirements of Position (Check all that apply):

- ☐ Duties may require pre-employment and routine screenings (background/criminal/fingerprint clearance, drug testing, fingerprinting, physical, etc.).
- ☐ Duties require participation in the DMV Pull Notice Program.
- ☐ Performs other duties requiring high physical demand. (Explain below)
- ☐ Requires repetitive movement of heavy objects and/or operation of heavy machinery or motorized vehicles.

Definitions/Instructions

RPA Number – RPA number as provided by Position Control

Classification Title – Official classification title as per CalHR

Position Number – Full position number (agency-unit-class-serial, e.g., 673-810-5142-###)

Incumbent Name – Current employee

Working Title – This may differ from the classification title.

Effective Date – Day incumbent signed new or revised duty statement.

Tenure – Select from Permanent, Limited-Term, Retired Annuitant, etc.

Time Base – Select from Full-Time, Part-Time, Intermittent, etc.

Intermittent Hours per Month – intermittent hours worked.

Division/Office – Name of division or office name of the position

Section/Unit – Name of section or unit of the position

Reporting Location – where the position reports

Supervisor's Name – Current supervisor

Supervisor's Classification – Current supervisor's classification

CBID – Bargaining Unit of the position. Bargaining Unit numbers can be found here using the [CalHR Bargaining Unit Search](#) page.

Confidential Designation – Confidential Designation is for employees with a CBID of E48

Designated Position for Conflict of Interest – Refer to [CARB's Conflict of Interest Code](#) or [CalEPA's Conflict of Interest Code](#) for designated positions

Position Telework Eligible – Will vary as per the CARB's telework policy.

Supervision Exercised – Contingent upon job needs and duty requirement. For allocation reach out to HR for assistance.

General Statement – Provide a summary of the main purpose and functions of the position as it relates to the Agency, 3-5 sentences.

Example: To provide human resources guidance to the programs of the California Air Resources Board (CARB) and the California Environmental Protection Agency (CalEPA) through providing timely, accurate, and customer service-oriented human resources support.

Competencies – Review [definitions of competencies](#) below.

Position Description – Provide a brief overview of the position and its main functions related to the Division.

Example: Under the general direction of the Administrative Services Division (ASD) Chief (CEA Level B), the Human Resources Branch Chief ensures the Department's personnel programs follow laws, regulations, policies, and best practices. Provides direction, guidance, and consultation to the CARB and CalEPA management and executive teams. Performs as subject matter expert to managers and

Duty Statement – Workforce

ASD/HRB-12 (REV. 12/2025) Page 6 of 7

supervisors on personnel-related matters. Serves as the Department's technical expert for personnel matters and handles the most critical and sensitive human resources matters.

Essential Functions – The fundamental job duties of the position. Essential Functions are recommended to be no higher than 40% nor lower than 10%. Essential Functions are the duties the position exists solely to perform. There are a limited number of employees available to perform these functions and they're typically highly specialized.

Marginal Functions – Other job duties related to the position that are not primary functions (i.e., may be completed/assigned to another employee). Marginal Functions are recommended to be no higher than 10%. **Percentages of Essential and Marginal Functions shall add up to 100%.**

Typical Physical Conditions/Demands – The level and duration of physical exertion generally required to perform the tasks required for the position.

Example: This position requires frequent sitting, standing, walking, bending, and reaching. It also requires frequent use of hands, wrists, and fingers for keyboarding and document manipulation. Moving objects weighing up to 25 pounds may be necessary. Occasionally, you may be exposed to outdoor weather, dust, or noise.

Typical Working Conditions – Refers to the working environment and work schedule. Details about any travel requirements may also be listed here.

Example: The incumbent works in a smoke-free environment on the 19th floor of a high-rise office building in downtown Sacramento in an enclosed, non-windowed office cubicle. The work schedule is Monday through Friday. Mandatory overtime, including evening and weekend work, may be necessary during the year-end closing process or when the department is mission tasked. Travel may be required locally and within the state.

Special Requirements of Position – Check all that apply

Supervisor Statement – Refer to job duties

Employee Statement – Refer to job duties

Supervisors forward the signed copy of the duty statement to their [Division HR Liaison](#) to be placed in the employee's Official Personnel File.

Definitions of Competencies

Effective development of the identified Core Competencies fosters the advancement of the following: Collaboration, Communication, Customer Engagement, Digital Fluency, Diversity and Inclusion; Innovative Mindset, Interpersonal Skills, and Resilience.

- **Collaboration** – Develops, maintains, and strengthens relationships while working together to achieve results.
- **Communication** – Listens, writes, and presents ideas, opinions, and information virtually and in person with diverse audiences.
- **Customer Engagement** – Creates a connection with internal and external customers through passive experiences and exceptional service in response to current and future needs.
- **Digital Fluency** – Use technology effectively in the performance of one's job, including integrating and accepting new technology when appropriate.

Duty Statement – Workforce

ASD/HRB-12 (REV. 12/2025) Page 7 of 7

- **Diversity and Inclusion** – Works effectively in an inclusive workplace where individual differences and perspectives are respected and leveraged to achieve organizational goals.
- **Innovative Mindset** – Demonstrates curiosity, develops new insights, considers creative approaches, and applies novel solutions.
- **Interpersonal Skills** – Interacts positively with courtesy, sensitivity, and respect with various individuals and makes every effort to understand and relate to others; includes managing feelings effectively, expressing oneself appropriately and working with others towards a common goal.
- **Resilience** – Overcomes challenges, performs well, and remains optimistic and committed under pressure and adversity.
